

# Postgraduate Dentistry courses

---

## Dentistry at Birmingham

Learn from leading clinicians, scientists and academics in world-class settings as you benefit from state-of-the-art research facilities, a modern learning environment and cutting-edge technology. Home to more than 600 undergraduate and postgraduate students and trainees, our multi-million pound Birmingham Dental Hospital and School of Dentistry is the first integrated, stand-alone dental hospital and school to be built in the UK for almost 40 years.

## Explore Dentistry at the University of Birmingham

We offer postgraduate programmes in Dental Materials Science, Restorative Dentistry and Endodontics, the latter two of which are taught via distance learning with residential weeks in Birmingham and Dubai, respectively.

### Dental Materials Science MSc

The Dental Materials Science programme provides a foundation in key materials science principles and training skills for successful research and publication.

---

## Dentistry PhD / MSc (Res)

Dentistry - PhD/MSc by Research

---

## Endodontics MSc

This three-year, part-time MSc Endodontics features a combination of online lectures and clinical sessions featuring hands on and small group tutorials.

---

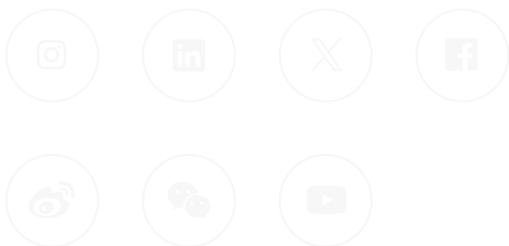

## Restorative Dentistry MSc

The MSc in Restorative Dentistry has been designed and developed by a large team of experts, with an awareness of the needs of contemporary dentists.
